SAIL UPDATE

July 2011

Glad to see everyone at the new space, it is fabulous!

The Harley-Davidson in Downtown Renton. . . What a find!!!!

When you enter the Harley-Davidson the first word that might come to mind is "Wow!" Even if you haven't been a motorcycle rider, all of the shiny motorcycles all over the room really are quite a sight. The staff was really great and the meeting space is wonderful. At least 3 of us who use wheelchairs, plus several other people were able to take the elevator upstairs together. The room is so big that even when everyone is sitting down there is still space to move around. One whole wall of the room is windows so the meeting room gets a lot of natural light. We have a few kinks to work out as far as the room arrangement, but we will get there. The restrooms are also very close by on the same floor as the meeting space.

All in all everyone agreed that they REALLY LIKE the new space.

Come and check it out, everyone is welcome!!

A Note from the Chair

July 2011

Hi Everyone!

Thank you for the coming to the July meeting at the Harley Davidson. This is a really great space!! We went over the SAIL website and made corrections. We also took a new group picture!

See you at our next meeting!

Sincerely, Heather Harper

Chair, Self Advocates in Leadership (SAIL)

Updates to SAIL Website!

Shawn Latham our Webmaster was not able to make the meeting. In his absence we talked about the website using printed copies of each page. We discussed what could be done to improve the site. The majority of the comments centered around the pictures on the site. Hopefully now there are some new pictures that we can use, see below. Hopefully Shawn will be able to join us at the next meeting!

New SAIL Photos!

Thanks Autumn Dryden of the Developmental Disabilities Council for taking some pictures of our meeting in our new location. What a great group!!!
